## New Year...New Goals!

It's been a great start to the New Year for American National Logistics! We would like to make a few announcements and catch everyone up on what has been going on since Christmas. First, let us introduce our new Chief Financial Officer, Danny Jackson. Mr. Jackson is from Tyler, Texas and has almost 30 years of finance and accounting experience. Welcome to the team, Danny! Stacy Francis just celebrated her 10 year anniversary with the company! We look forward to many more years working with Stacy and the operations team. We are putting the final touches on our new website. As soon as we launch the site, we will make an announcement on our social media pages so be sure to follow us on Facebook, LinkedIn, Twitter, and/or Instagram.

Drivers! We have an ongoing photo contest that you can participate in at any time! Please send us photos of your American National truck as you travel on your routes around the state and around the country. We want to feature you! If your photo is chosen and featured on any of our social media pages, you'll receive a \$10.00 Pilot Travel Center gift certificate. Just email or text the photos to your driver managers. You can also email your entries to Shauna: [ssweeney@anlinc.com](mailto:ssweeney@anlinc.com). We love seeing (and sharing) your beautiful photos!

We are extremely excited for 2020! Thank you to all of our dedicated employees and hard-working drivers. Each and every one of you make it possible to run a successful business.

# DEPARTMENT FEATURE: The Shop

American National Logistics' fleet consists of 55 tractors and 210, 53' trailers. Who is responsible for the maintenance, repairs, washing, and ensuring the safety of our equipment to keep our drivers safe on the road? Our American National Shop! Ryan Rodriguez is the shop manager and has been a mechanic for 30 years. Ryan is available to our drivers 24/7 and helps solve any issues that may occur while the drivers are on the road. He is also responsible for the safety and welfare of his shop crew. Skip Arnold is the shop's lead mechanic. Skip has been a mechanic for 40 years! Kenneth East and Anthony Vicente are both shop mechanics and have both been diesel mechanics for 2 years. Wendy Davis is the shop coordinator and she has been working with American National for over 3 years. All five of these crew members help ensure the shop operation runs smoothly and efficiently. Our fleet continually operates at its optimum capacity because of the hard-work and vast effort put forth by each and every member of our American National shop crew. Thank you everyone!

We wanted to send a special thank you to all of our wonderful drivers here at American National. It's time to say thank you to America's truck drivers. They've earned it. One mile at a time, these men and women leave their homes and families to deliver goods to your home and family. Please take a moment to thank a driver. Truckers are the backbone of America!
